

Menu not Displaying Workaround

Due to a compatibility issue with newer versions of Internet Explorer and our website architecture, the menu may be incorrectly or only partially displayed as in the image above. To make the menu viewable, please follow the steps below:

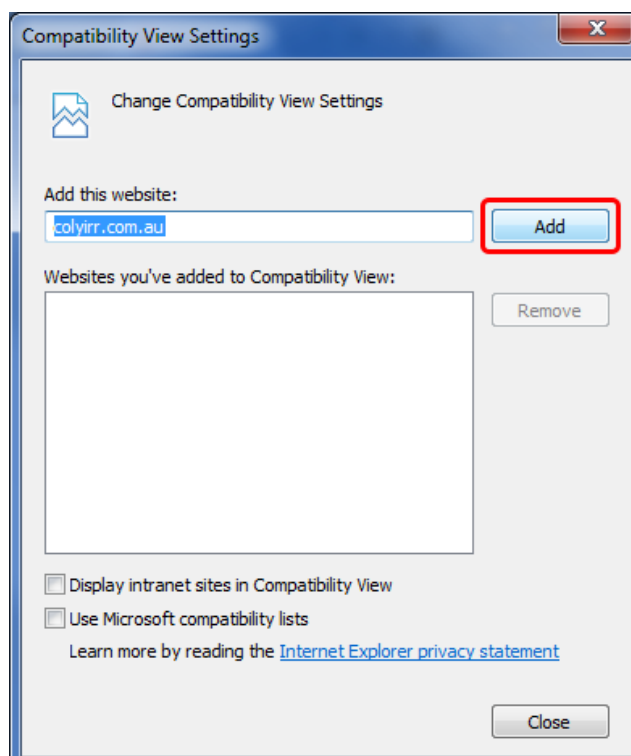

1. When at our website www.colyirr.com.au, Click on the 'Tools' button in the top right corner

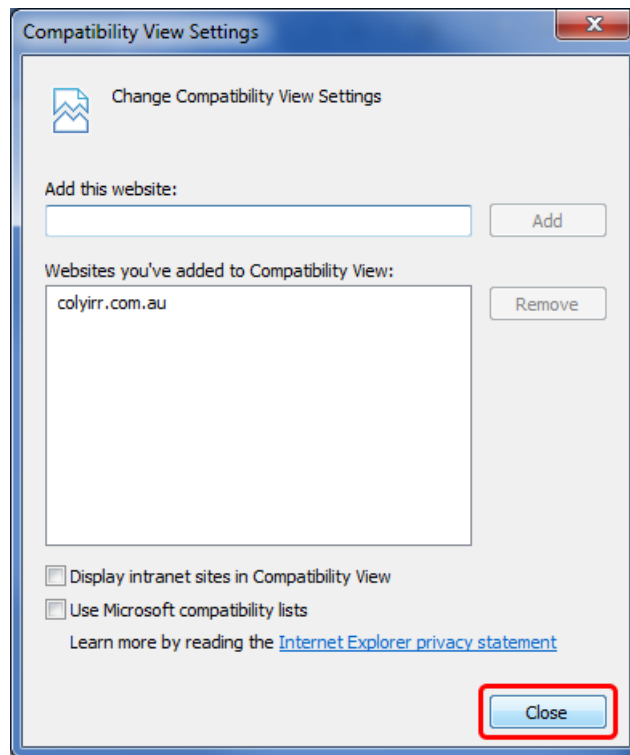

2. Click on 'Compatibility View settings'

3. Click on the 'Add' button to add our website to the list

4. Click on the 'Close' button

Now the page should be displaying the menu correctly as shown in the image below.

If you are still having issues with the menu not displaying correctly, please email us at enquiries@colyirr.com.au or call us on 02 6954 4003.
