Contents

Chairman's Report

For the year ended 30 June 2011

On behalf of the Board of Coleambally Irrigation Mutual Co-operative Limited (CIMCL), I have pleasure in presenting to you the annual report for the past year, 2010-2011.

Overview

It is good to see the breaking of the drought and farms getting back into full production. While we are still facing the uncertainty of the Murray-Darling Basin Authority's Plan, and in particular the sustainable diversion limits (SDLs), we have not lost sight of our primary purpose and that is to ensure that our infrastructure assets can be replaced when necessary.

Investment Program

In March 2011, the Board changed its investment advisers from CPG Research and Advisory Service Pty Ltd to 358 Australia Pty Ltd after the former changed hands. This last twelve months, while still volatile, were a little more certain than the preceding twelve and on the advice of 358 Australia Pty Ltd, the Board has progressively continued to move more of its cash into long term investments. This policy is constantly under consideration.

At 30 June, our investment portfolio (a mixture of managed funds, long and short term) had a value of $14,321,661 compared to a total amount invested of $9,008,020 at 30 June, 2010. Our cash and cash equivalent investments at 30 June, 2011, are $2,050,037 compared to $3,615,528 as at 30 June, 2010. The return on the investment portfolio was 16.06% for the year. This is an exceptional result given the volatility experienced by global financial markets.

Contribution Levy

The Board has resolved to leave the contribution levy at $3.00 + GST for 2011-2012. The contribution levy has stayed the same for the last three years.

The five-yearly Modern Engineering Equivalent Replacement Asset (MEERA) review is in the process of being completed. After completion, it will be sent off to actuaries who will make a recommendation as to an appropriate contribution levy. Since the last review, there has been significant modernisation of our irrigation system and this will impact on our replacement program, but until the review is completed I am unable to advise what the effect will be on the contribution levy going forward.

CIMCL anticipates our first big round of replacements occurring in the period 2020-2032.

Renewal Program

This year, two bridges on the Kidman Way (Boona Channel Bridge, near Pine Drive, and Burke Lane Bridge) were replaced at an approximate total cost of $1.25 million. Several drainage inlets have also been replaced. These works were funded from the infrastructure and maintenance funds held by CICL on our behalf.

Looking ahead, CICL, along with all major irrigation corporations, will be required by the ACCC to develop five-yearly Network Service Plans detailing any major works that will be undertaken on its delivery system. CICL will be required to seek input from its shareholders, and that process will commence this year, and there will have to be even closer consultation between CICL and CIMCL to ensure that the replacement implications of any new works for CIMCL are given appropriate consideration.

Termination and Access Fees

As a result of the review by the ACCC of Termination Fees and following the Government's enactment of the related legislation, the Termination Fee for permanent water transfers out of the Coleambally licences is now based on 10 times the annual access fee. Thus, the CIMCL Termination Fee is currently $33.00 (including GST) per megalitre of Delivery Entitlement terminated.

Director Training

This year, three of CIMCL's directors attended the Australian Institute of Company Directors "Company Directors' course". Their attendance was encouraged by the Board consistent with its policy of building director's skills to ensure that they are fully aware of their responsibilities and obligations to CIMCL's members.

Election Results

During the year, the terms of Kate Arthur and Stan Rice concluded and in the ensuing election Stan Rice was returned and Adrian Hayes was elected to the Board.

The Board would like to thank Kate for her input during her term on the Board and wish her well for the future.

At the AGM, the Board will be asking the members to re-endorse Bruce Brown as the independent director on the CIMCL Board for the next three years. Bruce has brought a wealth of experience to the Board and it is the unanimous view of all of his fellow Directors that the Board and CIMCL will continue to derive significant benefit from his re-endorsement.

On behalf of the Board, I would like to express sincere thanks to our Federal Members of Parliament, Michael McCormack and Sussan Ley, the Members for Riverina and Farrer respectively, for their continued support during the past year. I also thank Adrian Piccoli for his support as the State Member for Murrumbidgee.

To conclude, my thanks are also extended to my fellow directors and you the members of CIMCL for your support throughout the year. I would also like to acknowledge the contributions of John Culleton, CEO; Anne Rzeszkowski, Company Secretary; and Richard de Koning, Finance Manager.

Peter Sheppard
Chairman

Coleambally Irrigation Mutual Co-operative Limited

Chief Executive Officer's report

For the year ended 30 June 2011

While the breaking of the drought, continuing uncertainty in global financial markets and the MDBA's Basin planning dominated much of the reporting year, CIMCL's focus remained unchanged. The work of ensuring that we are able to replace major parts of our delivery system when they come to the end of their design life is one of our few 'constants' but its significance is apparent when you consider that our delivery system is comprised of assets currently valued at approximately $125m.

Our asset replacement program currently sees CIMCL having to make a major investment of around $25m in the period 2020-2032, but our asset and replacement profiles will be the subject of a major review in 2011-12. The review, which is undertaken every five years and which is a five-step process, will be assisted by an engineering firm and an actuarial service (SKM and Mercers respectively). In essence, it will establish whether the estimated life of our assets can be extended or has to be shortened; estimate replacement costs; and identify whether our investments and contribution levies are likely to match, both in dollars and time, our likely replacement needs. This work will be preceded by field inspections by CICL staff and Directors from both co-operatives. In addition to taking into account asset life, CIMCL expects to make increasing use of a capacity model developed by Daniel Whittred (CICL's Water Systems Engineer). Daniel's modelling is telling us more about those parts of our system that are constrained and those that have excess capacity.

CIMCL's investment decisions also have to be underpinned by a good understanding of CICL's business intentions. While such understanding is assisted by the fact that the Company Secretary and I service both co-operatives and Bruce Brown serves on both Boards, CIMCL is being more deliberately included in the development of CICL's business positions before they are formally adopted and this is tacit recognition of the fact that decisions taken by CICL can impact on CIMCL. CIMCL takes particular interest on matters that impact on demand for water entitlement and delivery entitlement because these can drive changes over time to the delivery system. Accordingly, CIMCL will take close interest in a customer survey that CICL will conduct in the 2011-12 and their shareholders' inputs into the development of a five-year network service plan during the same period.

CIMCL continues to collect contribution levies and 'grow' them for a single purpose, while benefitting from the tax advantages that accrue from being structured according to the legal principles of Mutuality. While much of the work done by CIMCL attracts little attention, it remains critical to the future of our irrigation system.

John Culleton
Chief Executive Officer
30 September 2011

Investment report

For the year ended 30 June 2011

Global financial markets experienced continuing volatility during the 2010–2011 financial year. In particular, concerns relating to Euro-Zone debt and the financial health of European Banks was highlighted again during the last quarter of 2010-2011.

Notwithstanding the above comments, Euro-Zone debt issues in Greece and to a lesser extent, in Italy, Portugal and Spain, were only part of the volatility picture. Economic growth remained sluggish in the USA and unemployment figures remained close to 10%. In addition, the USA lost its AAA credit rating for the first time and debt ceiling negotiations became protracted.

In Europe, low economic growth generally and in particular, in Germany, combined with poor unemployment figures raised fears of a double dip recession.

The Australian economy, despite its “two speed” nature remained strong in 2010-2011 when compared with the other G20 nations. However, economic growth figures were revised down slightly during the last quarter of 2010-2011. Additionally, the strong Australian dollar was causing difficulties for export and import competing industries.

During 2010-2011, CIMCL moved to review its investment advisor consulting arrangements and appointed 358 Australia Pty Ltd. CIMCL’s investment portfolio continued to remain under weight in terms of equities exposure. Despite continuing volatility in global financial markets, the return on CIMCL’s investment portfolio was 16.06% in 2010-2011. This was an extremely good result and compared very favourably with the 2009-2010 return of 10.6%.

Given the continuing uncertainty relating to global economic growth and Euro-Zone debt levels, 2011-2012 will be a challenging year for world financial markets. Notwithstanding this, CIMCL will continue to adopt a conservative position vis a vis its investment portfolio and, in particular, in relation to equities and currency exposure.

Directors' report

For the year ended 30 June 2011

Your directors present their report on the co-operative for the year ended 30 June 2011.

Directors

The following persons were directors of the co-operative during the whole of the financial year and up to the date of this report:

P T Sheppard	Member Director	Chairman
I D Sutherland	Member Director	Deputy Chairman
S W Rice	Member Director	
A J Hayes	Member Director	
B M Brown	Independent Director	

Ms K A Arthur was a director from 1 July 2010 until ceasing on 11 November 2010.

Principle activities

The primary activity of the co-operative during this reporting period is the collection and investment of contribution levies from members for the purpose of the long term replacement of irrigation infrastructure in the Coleambally Irrigation District.

Dividends

The co-operative does not have a share capital and accordingly does not pay dividends.

Review of operations

A summary of the co-operative's results is set out below:

	2011 **$**	2010 $
Profit/ (loss) before income tax expense	**3,771,895**	2,356,806
Less: Income tax (expense)/credit attributable to net surplus	**(756,109)**	(294,076)
Net profit/ (loss)	**3,015,786**	2,062,730
Total comprehensive result for the year	**3,015,786**	2,062,730

During the year the co-operative raised contribution levies from members and invested those funds in accordance with its charter. The return on these investments of 16.06% was better than anticipated given the uncertain market conditions that prevailed throughout the year.

The life and replacement value of the infrastructure assets which CIMCL is required to replace in the future are being revalued in 2011-12 financial year but Directors are confident the long term investment strategies are appropriate and capable of delivering an investment pool which is sufficient to achieve the objectives of the co-operative. However, the future is inherently unpredictable and actual outcomes cannot be guaranteed.

Significant changes in the state of affairs

There were no significant changes in the state of affairs of the co-operative during the year.

Matters subsequent to the end of the financial year

There has not arisen in the interval between the end of the financial year and the date of this report, any item, transaction or event of a material and unusual nature likely, in the opinion of the directors, to affect significantly the operations of the co-operative, the results of those operations, or the state of affairs of the co-operative, in subsequent financial years.

Likely developments and expected results of operations

Information on likely developments in the co-operative's operations and the expected results from operations have not been included in this report because the directors believe it may result in unreasonable prejudice to the co-operative.

Environmental regulation

In terms of its current operations, the co-operative is not subject to any significant environmental regulation.

Insurance of officers
During the financial year, the co-operative paid premiums to insure the directors and officers against liability incurred to the extent permitted by the law. The premium for Directors and Officers Insurance was $2,506 (2010: $3,215) for the year.

Information on directors

Director	Experience	Special Responsibilities
P T Sheppard	Director of the co-operative since 16 November 2000. Irrigation farmer. Member representing CIMCL on the Asset Refurbishment & Maintenance Committee of Coleambally Irrigation Co-operative Limited. Committee member of Rural Industries Research and Development Committee – Rice. Member of the Community Environmental Committee. Secretary Coleambally Lions International. Graduate of Australian Institute of Company Directors.	Chairman
I D Sutherland	Appointed director of the co-operative on 27 November 2002. Irrigation farmer. Chairman of Community Environmental Committee. Community Member Murrumbidgee Demonstration Farm and the Coleambally Lions Club.	Deputy Chairman
S W Rice	Commenced as a director of the co-operative on 15 November 2007. Irrigation farmer. Member of RGA – Coleambally branch.	
A J Hayes	Commenced as a director of the co-operative on 11 November 2010. Employed in the agricultural service industry. Director Coleambally Community Bank. Member of the Coleambally Lions Club. Coleambally AFL Football Club committee member.	
B M Brown	Commenced as a director of the co-operative on 1 March 2007. Director of Coleambally Irrigation Co-operative Limited since 20 May 2004. Senior management roles with a number of large agribusiness groups.	

Auditors' independence declaration
A copy of the auditors' independence declaration as required by the *Co-operatives Act 1992* is set out on this page.

Meetings of directors
The number of meetings of the co-operative's board of directors held during the year ended 30 June 2011, and the number of meetings attended by each member were:

	Board Meetings
Number of meetings	**5**
P T Sheppard	5
I D Sutherland	5
S W Rice	5
K A Arthur	3
A J Hayes	2
B M Brown	5

This report is made in accordance with a resolution of the directors.

Auditors' Independence Declaration

As lead auditor of the audit of Coleambally Irrigation Mutual Co-operative Ltd for the year ended 30 June 2011, I declare that, to the best of my knowledge and belief, there have been:

(a) no contraventions of the auditor independence requirements in relation to the audit;
(b) no contraventions of any applicable code of professional conduct in relation to the audit.

The above statement of cash flows should be read in conjunction with the accompanying notes.

Note 1. Summary of significant accounting policies

(a) Basis of preparation

These financial statements are general purpose financial statements that have been prepared in accordance with Australian Accounting Standards, Australian Accounting Interpretations, and other authoritative pronouncements of the Australian Accounting Standards Board.

The following is a summary of material accounting policies adopted by the co-operative in the preparation of the financial statements. The accounting policies have been consistently applied.

The financial statements are prepared in accordance with the historical cost convention, except for certain assets which, as noted, are at fair value. The accounting policies adopted have been consistently applied to all years presented.

(b) Income recognition

Amounts disclosed as income are net of duties and taxes paid. Income is recognised for the major business activities as follows:

(i) Contribution levies from members

Contribution levies are raised annually and are recognised at the time the levy is billed.

(ii) Interest and distribution income

Interest is recognised as it accrues. Distributions from investment trusts are recognised when a distribution is advised or received whichever occurs earlier.

(iii) Movements in fair value of investments

Movements in fair value of investments are brought to account as they accrue (refer note 1(f)).

(c) Income tax

Income tax expense for the year is the tax payable on the current year's taxable income adjusted for changes in deferred tax assets and liabilities attributable to temporary differences between the tax bases of assets and liabilities and their carrying values in the financial statements, and to unused tax losses.

Deferred tax assets and liabilities are recognised for temporary differences at the tax rates expected to apply when the assets are recovered or the liabilities settled. Where temporary differences arise on initial recognition of an asset or liability, no deferred tax asset or liability is recognised in respect to these differences if they arose in a transaction that, at the time of the transaction, did not affect either the accounting or taxation profit or loss. Deferred income tax assets are recognised to the extent that it is probable that future tax profits will be available against which deductible temporary differences can be utilised.

Deferred tax is debited/ credited in the statement of comprehensive income except where it relates to items that may be credited directly to equity, in which case deferred tax is adjusted directly against equity.

(d) Cash and cash equivalents

Cash and cash equivalents includes cash on hand and other short term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash which are subject to an insignificant risk of changes in value.

(e) Receivables

Accounts receivable are brought to account at their nominal amounts. This is considered to be the fair value of receivables and due to their short term nature this is not materially different from amortised cost. No provision is raised for doubtful debts as there is considered to be little likelihood of bad debts arising.

Contribution levies are billed in June each year and are due in 30 days. Interest is charged on overdue amounts at the rate of 10.75% (2010:10.0%) per annum.

Note 1. Summary of significant accounting policies (continued)

(f) Other financial assets at fair value through the profit and loss

Financial assets at fair value through the profit and loss are financial assets that are managed and their performance evaluated on a fair value basis, in accordance with a documented investment strategy (summarised at note 20), and information about these investments is provided and monitored internally by the board on a regular basis. These financial assets comprise investments in managed funds and are reflected at fair value based on advice from the fund managers. They are included in non-current assets unless management intends to dispose of the investment within 12 months of the balance date. Changes in the fair value of "financial assets at fair value through the profit and loss" are recognised in the statement of comprehensive income in the period in which they arise.

(g) Available-for-sale financial assets

Available-for-sale financial assets, comprising principally floating note securities, are non-derivatives that are either designated in this category or not classified in any of the other categories of financial assets. They are included in non-current assets unless management intends to dispose of the investment within 12 months of the reporting date. Investments are designated as available-for-sale if they do not have fixed maturities or determinable payments and management intends to hold them for the medium to long term.

(h) Trade and other creditors

These amounts represent liabilities for goods and services provided to the co-operative prior to the end of the financial year and which are unpaid. The amounts are unsecured and are usually paid within 30 days of recognition. Due to the short term nature of payables, measurement at cost is not materially different from amortised value.

(i) Reserves

As a mutual entity the co-operative receives contribution levies from members and non-members. The co-operative separately accounts for the balance of members' funds. In order to illustrate this, and the co-operative's compliance with rules 20 and 21 of the co-operative's rules, reserves have been created (refer note 10). Remaining member's funds are made up of the balances of the members' contribution reserve and the sinking fund reserve.

(j) Goods and Services Tax (GST)

Income, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Tax Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the statement of financial position are shown inclusive of GST.

Cash flows are presented in the statement of cash flows on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

(k) Accounting standards issued but not yet effective

The Australian Accounting Standards Board has issued new, revised and amended Standards and Interpretations that have mandatory application dates for future reporting periods. The board of directors have reviewed the requirements of the new and revised standards and have assessed the impact on the co-operative is not likely to be material.

Note 2. Income

	2011 $	2010 $
Income from operating activities		
Contribution levies from members	**1,302,516**	1,436,313
Termination fees	**675,390**	0
Net distributions and movement in fair value of investments	**1,813,640**	855,407
	3,791,546	2,291,720
Income from outside the operating activities – non members		
Interest	**133,158**	204,558
	133,158	204,558
Total income from ordinary activities	**3,924,704**	2,496,278

Note 3. Income tax

	2011 $	2010 $
(a) Income tax expense		
Current tax	**(551,699)**	(101,493)
Deferred tax (i)	**(204,410)**	(192,583)
Aggregate income tax (expense)/credit	**(756,109)**	(294,076)

(i) Deferred income tax expense is entirely comprised of movements in the deferred income tax asset balance.

(b) Numerical reconciliation of income tax expense to prima facie tax payable

The aggregate amount of income tax attributable to the financial year differs from the amount calculated on the net surplus from ordinary activities. The differences are reconciled as follows:

	2011 $	2010 $
Net surplus from ordinary activities before income tax	**3,771,895**	2,356,806
Income tax expense calculated @ 30% (2010: 30%)	**(1,131,569)**	(707,042)
Tax effect of permanent differences		
Net mutual income and expenses attributable to mutual income	**382,429**	442,420
Tax over/(under) provided in prior years	**(6,969)**	(29,454)
Income tax (expense)/credit	**(756,109)**	(294,076)

The co-operative continues to account for its taxation on the basis that the concept of mutuality is applicable to levy contributions from members.

Note 4. Current assets – Cash and cash equivalents

	2011 $	2010 $
Cash at bank	**438,467**	1,035,443
Term Deposits	**1,611,570**	2,580,085
	2,050,037	3,615,528

Note 5. Current assets – Receivables

		2011 $	2010 $
Trade debtors	(a)	**1,448,890**	1,590,722
Prepayment		**4,833**	4,460
		1,453,723	1,595,182

(a) Ageing

The ageing of receivables balance date was:

	Gross 2011 $	Impairment 2011 $	Gross 2010 $	Impairment 2010 $
Not past due	**1,432,767**	**0**	1,579,945	0
Past due 31 – 60 days	**0**	**0**	0	0
Over 60 days	**16,123**	**0**	10,777	0
	1,448,890	**0**	1,590,722	0

Note 6. Other financial assets

	2011 $	2010 $
Financial assets at fair value through the profit and loss	**14,321,661**	9,008,020
Available-for-sale financial assets	**0**	0
	14,321,661	9,008,020

Note 7. Deferred tax assets

	2011 $	2010 $
Future income tax benefit	**688,095**	892,505

Note 8. Current liabilities – Payables

	2011 $	2010 $
Trade creditors and accruals	**194,913**	143,437

Note 9. Current tax liabilities

	2011 $	2010 $
Income tax	**378,882**	43,863

Note 10. Reserves and retained surpluses

	Notes	2011 $	2010 $
(a) Reserves			
Members' contribution reserve		**6,892,818**	5,590,302
Sinking fund reserve		**10,000,000**	10,000,000
Non-member income reserve		**1,046,903**	0
		17,939,721	15,590,302
Movements			
Members' contribution reserve			
Balance as at 1 July 2010		**7,590,302**	6,153,989
Transfers from retained surplus		**1,302,516**	1,436,313
Transfers to sinking fund reserve		**(2,000,000)**	0
Balance as at 30 June 2011		**6,892,818**	7,590,302
Sinking fund reserve			
Balance as at 1 July 2010		**8,000,000**	8,000,000
Transfers from members contribution reserve		**2,000,000**	0

Transfers from non-member income reserve		**0**	0
Retained surplus/(deficit) at the end of the financial year		**0**	(666,367)

(c) Nature and purpose of reserves

(i) Members' contributions reserve
The members' contributions reserve has been established to record and control the receipt of all members' contributions. Funds are allocated from the members' contributions reserve as required to fund the costs and expenses and overheads of the co-operative and to transfer amounts to the sinking fund reserve as required by Rule 20.4.

(ii) Sinking Fund Reserve
Under Rule 20.4(b)(i) of the co-operative's rules, it is required to set aside reserves in a fund to be known as the "Sinking Fund" to cover capital expenditure for the construction, refurbishment and replacement of future and existing irrigation assets in the existing area of operations of Coleambally Irrigation Co-operative Limited. The funds so set aside can only be used for this purpose.

(iii) Non-member income reserve
Under Rule 21.3 of the co-operative's rules, it is required to establish a separate reserve fund for the purpose of separating contributions from the non-member funds. All non-member funds must be held in the non-member income fund and must be identifiable in the co-operative's accounts. These funds may be drawn to fund operations as required.

Note 11. Share capital

Coleambally Irrigation Mutual Co-operative Limited is a co-operative without share capital.

Note 12. Financial instruments

(a) Interest rate risk exposures
The co-operative's exposure to interest rate risk and the effective weighted average interest rate by maturity periods is set out in the following table:

2011

	Notes	Floating interest rate $	Fixed interest maturing in: 1 year or less $	over 1 to 5 years $	More than 5 years $	Non-interest bearing $	Total $
Financial assets							
Cash	4	510,939	1,539,098	-	-	-	2,050,037
Receivables	5	-	-	-	-	1,453,723	1,453,723
Investments	6	-	-	-	-	14,321,661	14,321,661
		510,939	1,539,098			15,775,384	17,825,421
Weighted average interest rate						N/A	
Financial liabilities							
Trade creditors and accruals	8	-	-	-	-	194,913	194,913
		-	-	-	-	194,913	194,913
Weighted average interest rate						N/A	
Net financial assets/(liabilities)		510,939	1,539,098	-	-	15,580,471	17,630,508

2010

	Notes	Floating interest rate $	Fixed interest maturing in: 1 year or less $	over 1 to 5 years $	More than 5 years $	Non-interest bearing $	Total $
Financial assets							
Cash	4	1,326,553	2,288,975	-	-	-	3,615,528
Receivables	5	-	-	-	-	1,595,182	1,595,182
Investments	6	-	-	-	-	9,008,020	9,008,020
		1,326,553	2,288,975			10,603,202	14,218,730
Weighted average interest rate		4.0%	5.6%			N/A	
Financial liabilities							
Trade creditors and accruals	8	-	-	-	-	143,437	143,437
		-	-	-	-	143,437	143,437
Weighted average interest rate						N/A	
Net financial assets/(liabilities)		1,326,553	2,288,975	-	-	10,459,765	14,075,293

Note 12. Financial instruments (continued)

(b) Net fair value of financial assets and liabilities
The net fair value of cash and cash equivalents and non-interest bearing monetary financial assets and financial liabilities approximates their carrying amounts.

(c) Credit risk exposures
The credit risk on financial assets which have been recognised on the statement of financial position is generally the carrying amount, net of any provisions for doubtful debts.

Note 13. Remuneration of auditors

	2011 $	2010 $
Remuneration of the auditors of the co-operative for:		
Audit of the financial statements	**3,300**	3,125
Other assurance services	**4,400**	4,240
Total audit and other assurance services	**7,700**	7,365
Taxation services	**5,100**	4,435
Other taxation consulting	**1,190**	7,070
Total remuneration	**13,990**	18,870

Note 14. Contingent liabilities

At the date of signing the financial statements the co-operative is not aware of any contingent liability.

Note 15. Commitments for expenditure

	2011 $	2010 $
Capital commitments		
Commitments for the acquisition of plant and equipment contracted for at the reporting date but not recognised as liabilities, payable:		
Not later than one year	**0**	0
	0	0

Note 16. Related parties

Key management personnel
The names of persons who were directors of the co-operative at any time during the financial period are as follows:
P T Sheppard; I D Sutherland; S W Rice; K A Arthur, A J Hayes and B M Brown. The directors received remuneration of $39,982 (2010: $40,840).

Loans to key management personnel
There were no loans to key management personnel or their related entities.

Transactions of key management personnel concerning shares
The co-operative does not have a share capital and accordingly the key management personnel own no shares.

Other transactions with key management personnel and their related entities
During the year the co-operative raised contribution levies on those key management personnel who are members of the co-operative or their related entities on terms and conditions no more favourable than those which it is reasonable to expect would have been adopted if dealing with them at arm's length in the same circumstances. The total value of contribution levies raised by the co-operative from key management personnel and their related entities was $48,427 (2010: $55,723). These contribution levies were raised just prior to the end of the reporting period, and remain outstanding as at 30 June 2011.

Note 17. Events occurring after reporting date

No matter or event has arisen since the reporting date that is considered likely to have a significant effect on the co-operative in future financial years.

Note 18. Segment information

The co-operative operates in order to replace irrigation infrastructure in the Coleambally Irrigation Area located in the Riverina region of New South Wales. The co-operative has no operations in any other industry or geographic segment.

Note 19. Reconciliation of profit after income tax to net cash inflow/(outflow) from operating activities

	2011 **$**	2010 $
Profit after income tax	**3,015,786**	2,062,730
Movement in fair value of investment	**(670,119)**	(639,589)
Change in operating assets and liabilities		
(Increase) in receivables	**141,832**	54,588
(Increase) in prepayments	**(373)**	602
(Increase) in accrued income	**0**	0
(Increase) in tax assets	**204,410**	192,583
Increase/(decrease) in trade creditors and accruals	**51,476**	(22,419)
Increase/(decrease) in tax liabilities	**335,019**	(192,093)
Net cash inflow/(outflow) from operating activities	**3,078,031**	1,456,402

Note 20. Financial Risk Management

The co-operative's activities expose it to credit and liquidity risks. The co-operative's overall risk management program focuses on the key risk of unpredictability in financial markets and seeks to minimise potential adverse affects on the financial performance of the co-operative. The board monitors these risks through quarterly board meetings where management reports are presented and analysed.

a) Credit risk

Credit risk arises from cash and cash equivalents and deposits with banks as well as credit exposures including outstanding receivables and long term investments. The maximum exposure to credit risk at balance date is the carrying amount of financial assets as summarised in note 12(a).

During 2010-2011 the co-operative reviewed its investment advisor arrangements and subsequently appointed 358 Australia Pty Ltd to this role.

Given the continuing unpredictability of our global financial markets, the co-operative has taken a conservative positioning in regard to the mix of assets in the investment portfolio. At the end of 2010-2011 more than 30% of the investment portfolio was held in the form of fixed interest securities, term deposits and cash.

It is anticipated that global financial markets will continue to be volatile in 2011-2012 given Euro Zone debt, low economic growth in the US and continuing high unemployment levels in most G7 countries.

Note 20. Financial Risk Management (continued)

b) Liquidity risk

Liquidity risk is the risk that the co-operative will encounter difficulty in meeting obligations associated with financial liabilities. The maximum exposure to liquidity risk at balance date is the carrying amount of financial liabilities as summarised in note 8. To manage its liquidity risk the Committee monitors its cash flow requirements on a monthly basis to maintain sufficient cash to pay its debts as and when they fall due.

Directors' declaration

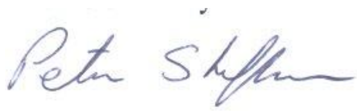
The directors declare that the financial statements and notes set out on pages 4 to 15:

(a) comply with Accounting Standards, the *Co-operatives Act 1992* as amended and other mandatory professional reporting requirements; and

(b) give a true and fair view of the co-operative's financial position as at 30 June 2011 and of its performance, as represented by the results of its operations and its cash flows, for the financial year ended on that date.

In the directors' opinion there are reasonable grounds to believe that the co-operative will be able to pay its debts as and when they become due and payable.

This declaration is made in accordance with a resolution of the directors.



P T Sheppard

Coleambally Irrigation Mutual Co-operative Limited

Independent audit report to members

Report on the Financial Statements

We have audited the financial statements of Coleambally Irrigation Mutual Co-operative Limited, which comprise the statement of financial position at 30 June 2011, and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year ended on that date, a summary of accounting policies, other explanatory notes and the directors' declaration.

Directors' Responsibility for the Financial Statements

The directors of Coleambally Irrigation Mutual Co-operative Limited are responsible for the preparation and fair presentation of the financial statements in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and the *Co-operatives Act 1992.* This responsibility includes designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial statements based on our audit. We conducted our audit in accordance with Australian Auditing Standards. These Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal controls relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independence

In conducting our audit we have complied with the independence requirements of the *Co-operatives Act 1992.*

Auditor's Opinion

In our opinion the financial statements of Coleambally Irrigation Mutual Co-operative Limited are in accordance with the *Co-operatives Act 1992,* including:

a) giving a true and fair view of Coleambally Irrigation Mutual Co-operative Limited's financial position as at 30 June 2011 and of its performance for the year ended on that date; and

b) complying with Australian Accounting Standards (including Australian Accounting Interpretations) and complying with the *Co-operatives Regulations.*

Frequently asked questions

Q. Why do we have two Co-operatives?

A. At the time of privatisation, a decision was taken to adopt a dual-co-operative structure. This meant that tax would not be paid on contributions from members paid to CIMCL for the purposes of asset replacement. It also means that the funds that are collected for this purpose cannot be expended for any other purpose.

Q. Why do we need two Boards – couldn't the one Board oversee the operations of both co-operatives?

A. It's a requirement under the Co-operatives Act that both businesses have a Board that is elected by its members and while the membership of both co-operatives are similar, they are not identical. The point of difference is that whereas CICL is a member of CIMCL, CIMCL is not a member of CICL.

Q. How can members be sure that contributions collected for the purpose of replacing assets are not used for other purposes?

A. CIMCL exists for a single purpose; it is structured separately from CICL; and its rules place strict limits on how its funds may be utilised. There is therefore very little prospect of the funds it collects being used for another purpose.

Q. How securely are CIMCL's funds invested?

A. CIMCL financial advisors are highly experienced and professionally well-regarded and our portfolio is highly diversified across a range of investments and within each investment class. As at 30 June 2011, our funds were invested as follows:

- 41.45% - Australian Equities
- 26.00% - Overseas Equities (of which most was hedged against currency movements)
- 22.85% - Fixed Term (Medium Term) Funds
- 9.75% - Cash/Short Term Deposits

Notwithstanding the conservative and diversified structure of our portfolio and other arrangements the Board has made to limit its risks, all investment is subject to a degree of risk.

Q. What is the value of the assets that CIMCL has an obligation to replace?

A. Approximately $125m.

Q. When will the first major round of replacements occur?

A. During the period 2020-2032, CIMCL expects to expend around $25m and during 2058-2068, around $50m. However, these figures may change as a result of the review that will occur in 2011-2012.
