

# Supplementary notice

## SUPPLEMENTARY WATER ACCESS FOR MURRUMBIDGEE

27 October 2016

DPI Water has approved extension to the period of supplementary water access for the Murrumbidgee River System. This follows rainfall over large parts of the tributary catchment. Please refer to page 2 for supplementary access details and dates.

"In addition, all regulated river (general security) access licence holders may take water during this period of supplementary flows, if the uncontrolled flow (UCF) limits of their accounts permit. Licence holders are reminded that all diversions count towards the annual usage limit of 100% of entitlement (excludes trades into accounts).

Customers wishing to access supplementary water must place a complying water order using one of the following options:

- Accessing [www.waternsw.com.au](http://www.waternsw.com.au) and logging on to your *iWAS* account.
- Faxing your order to **1300 871 447**
- Emailing your order to [south.orders@waternsw.com.au](mailto:south.orders@waternsw.com.au)
- Telephoning your order to **1300 662 077** During business hours

Water order forms are available from the WaterNSW web site

[http://www.waternsw.com.au/\\_\\_data/assets/pdf\\_file/0019/70147/Water-Order-Form\\_S-with-email.pdf](http://www.waternsw.com.au/__data/assets/pdf_file/0019/70147/Water-Order-Form_S-with-email.pdf)

Customers are reminded that with the conclusion of supplementary access, regulated flow conditions would resume and water orders must be placed in accordance with their licence conditions with consideration for lead order times.

WaterNSW will continue to monitor the situation closely and further advice will be issued on Monday 31 October 2016.

For further information contact the Operations Officer, WaterNSW Southern Valleys on (03) 5898 3925.

*(See page 2 for details of supplementary availability).*
